SYSTEM TWO
MH Series

HIGH INTENSITY DISCHARGE SURGERY LIGHTING

EFFICIENT

The SYSTEM TWO MH Series by Medical Illumination International harolds a notable increase in lighting efficiency

BRIGHT

The System Two MH Series produces over 100,000 Lux (9,500 foot candles) at 1 meter using a 39 Watt Metal Halide bulb

COOL

Uniquely engineered H.I.D. bulb virtually eliminates heat

CLEAR

Multi-faceted reflector increases shadow reduction for positioning flexibility during exam and procedure

VERSATILE

Four-Stage dimming, a variety of mounting styles and an optional video or monitor, offer the ultimate degree of office and surgery room capability

LOW MAINTENANCE

The 10,000 hour bulb is effortlessly changed in under a minute

RELIABILITY

The System Two MH Series is backed by a three (3) year manufacturer's limited warranty
