

Passport® 8

PATIENT MONITOR

Features and Benefits

- 8" high resolution touchscreen display
- Up to 7 waveforms
- Standard features include 3 or 5-lead ECG, Masimo SET® SpO₂, NIBP, respiration, temperature, integrated recorder
- Optional Nellcor® OxiMax® SpO₂ available
- Additional module parameter options include:
 - Sidestream CO₂
 - 2 IBP
 - 2 IBP + CO
 - 2 IBP + CO + Sidestream CO₂ or Microstream® CO₂
- Extensive data storage capability for trend data, alarms, events, NIBP measurements and up to 28 hours of full disclosure
- Available wireless 2.4 Ghz (802.11b/g/n)
- Connects to DPM Central Station or Panorama® Patient Monitoring Network
- Integrated HL7 and DIAP protocol interfaces
- Compatible with Mindray eGateway for HL7 communication to EMR
- Defibrillator synchronization
- Ergonomic carrying handle and multiple mounting options offer unprecedented mobility

your efficient partner across the care continuum

Mindray proudly offers the Passport 8, an inspired result of ingenuity and efficiency in the approach to the varying levels of patient care. Passport 8 comes standard with an 8" touchscreen display, easy touch function keys, and parameters that meet your clinical needs: 3 or 5-lead ECG, SpO₂, NIBP, respiration, and temperature. In addition, Passport 8's plug-and-play modular structure allows for more advanced monitoring functions to be added such as CO₂, 2-channel IBP, cardiac output, or a combination of all three.

Passport 8 extends beyond just the device itself by offering integrated HL7 and DIAP communication protocols. Wired and wireless networking capabilities can also be integrated, enabling connectivity to the DPM Central Station and Panorama Patient Monitoring System, allowing patient data to continuously flow and be shared where needed.

Delivering a flexible, efficient monitoring solution, at an extraordinary value – the Passport 8 fits your diverse monitoring needs.

Passport® 8

Flexible Modular Design and Comprehensive Monitoring

The Passport 8 provides a modular approach to the traditional configured multi-parameter monitor. With a plug-and-play modular structure, the Passport 8 offers advanced monitoring functions such as IBP and CO₂, adding flexibility according to your clinical requirements. Additionally, these modules can be shared with the Passport 12 monitor, offering an expandable clinical solution at an exceptional value.

Passport 8 and 12 with View Other

2 IBP

Sidestream CO₂

Sidestream CO₂ + 2 IBP + CO

Microstream CO₂ + 2 IBP + CO

Integrated bed rail hook

Plug-and-play modules

Interoperability for Improved Workflow

- Centralize patient data using a wired or wireless connection to the DPM Central Station and the Panorama Patient Monitoring Network
- View Other feature allows real time patient data to be viewed between the Passport 8 and Passport 12 bedside monitors. Up to 10 beds can be viewed simultaneously, whether connected to a central station or not
- When networked with the DPM Central Station, the Passport 8 can view telemetry devices at bedside
- Integrated DIAP and HL7 communication protocols for data export to EMR

Convenient Ergonomic Design

- Compact, ergonomic design allows modules to be easily inserted and released – with just one hand
- High-resolution LCD screen with intuitive touchscreen
- Customizable quick keys provide quick, convenient access to frequently used functions
- Integrated ECG, Resp, SpO₂, NIBP, Temp and 3-channel recorder
- Plug-and-play modules increase flexibility in monitoring
- 360-degree visible alarm indicator
- Convenient bed rail hook for ease of use during transport
